

## ***Elan P-Series Adapters***

### ***Card Compatibility List***

The P-Series hardware and drivers are designed to operate with **ANY** PC-Card or CardBus card that conforms to the PCMCIA/PC Card standard.

This list of PC-Card and Cardbus cards is provided as a guide to compatibility with the Elan P-Series range of PC Card/Cardbus Adapters, operating with the P-Series device drivers in various Windows operating systems.

The cards on this list have been tested by Elan or third parties. Any cards that do not appear in this list does not indicate non function, only that Elan have not tested it or have not been told by a third party that it works.
